To Whom it May Concern,

I recently had the pleasure of being represented by William Cobb for a DWI charge. As you can imagine, facing criminal charges was a very scary and tumultuous undertaking, but Mr Cobb put me at ease from the very first day. He was extremely compassionate and knowledgeable. Mr Cobb gave me a clear outline of what to expect both in and outside of the courtroom, offering possible scenarios and how best to mitigate a less favorable sentence. He walked me through each step of the process with incredible patience.

Right away Mr. Cobb urged me to be proactive— setting me up with a wonderful alcohol counselor as well as giving me a list of community service opportunities in my area. I was conditionally discharged with 50 hours of community service, as well as counseling, both of which I had already completed prior to sentencing at the advice of Mr Cobb. When I was sentenced the judge looked up from my file and said to me, "your lawyer did very well for you." I could not have agreed more.

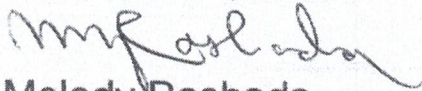

I can not imagine how daunting this whole experience would have been without Mr Cobb there on my side. He did absolutely anything he could to help me get through this as painlessly as possible. His professionalism can only be outshined by his compassion and kindness.

Warmest Regards,
Elizabeth Chick

Hearing Panel

I'm pleased to forward to you this letter of support for William Cobb, Attorney. I'm Melody Rashada and I live in New Windsor NY. I met Attorney Cobb in April of 2023 when my attorney of a different law firm (whose office was being renovated) was temporarily meeting clients in the Cobb's Newburgh office. Mr. Cobb graciously agreed to help me with a debt case pro bono though I offered him a small payment. He always get back to me when I have a question or concern about my case. When we discussed his suspension, he noted that he has made changes to be sure his efforts are never again misunderstood. For example, he now makes the next appointment with his clients before ending almost every session. He said he takes confidentiality even more seriously than he did before the suspension and considers it a reminder to notice all matters related to every case. He gave an example of how one is more likely to pay more attention if he is affected by an outcome. I have found Mr. Cobb to be a thoughtful and caring attorney. I think he will be even better after experiencing this reminder. I hope the panel determines that it is fit to allow Attorney Cobb to fully return to his work expeditiously.

With best regards,
