In Re: Probate Hearings, Case Manager Conferences pending before the Orleans Court

UPDATED NOTICE AND ORDER RE: IN PERSON AND WEBEX HEARINGS

Pending further order of the court, the Orleans Courts will continue to utilize the WebEx platform to conduct hearings in the above dockets.

Parties and counsel who object to remote participation and who wish to appear in person at the courthouse for hearings shall file a motion succinctly explaining why in person attendance is requested at the earliest opportunity, specifying the number of persons expected to attend the hearing and the date of the hearing. If no request is timely filed and granted, parties, witnesses, or other necessary persons shall participate remotely pursuant to the procedure that has been followed since A.O. 49 went into effect.

Should conflicts arise in competing requests to appear in person, hearings may need to be continued to accommodate the in-person requests.

If you have any questions pertaining to in person attendance in a docket you are covering, please contact the Clerk's Office for the specific docket in question.

Lisa A. Warren
