The Judicial Nominating Board will review applications from persons wishing to serve as a Superior Judge in the civil, criminal, and family divisions of the Superior Court. Please note that these vacancies and the eventual appointments are in two different regions.

The successful candidate filling the Judge VanBenthuyzen vacancy will, regardless of current residence, be assigned to the Northern Region of the Superior Court, with primary assignments to the Franklin and Lamoille units. The appointment will be effective for a term that expires on March 31, 2027.

The successful candidate filling the Judge Teachout vacancy will, regardless of current residence, be assigned to the East Region of the Superior Court, with primary assignments to the Windsor and Orange units. The appointment will be effective for a term that expires on March 31, 2027.

The successful candidate for the Judge Bent vacancy will, regardless of current residence, be assigned to the Northern Region of the Superior Court, with primary assignments to the Washington, Caledonia and Orleans units. The appointment will be effective for a term that expires on March 31, 2023

In evaluating candidates, the Judicial Nominating Board will use established criteria and standards for nomination that include, but are not necessarily limited to, such factors as integrity, legal knowledge and ability, judicial temperament, impartiality, experience, diligence, administrative and communicative skills, social consciousness, and public service. Consideration

will be given to the nature and extent of the candidate's legal training, practice, and experience.

The Supreme Court and the Chief Superior Judge will expect the judge to preside in the civil, criminal and family divisions of the Superior Court, to carry out administrative policy directives and statewide trial court operational policies, and to work cooperatively with court clerks and judicial colleagues to:

- manage the flow of litigation and the pace of courtroom proceedings in order to deal with the workload of the court efficiently and effectively.
- communicate clearly and regularly with the local bar, representatives of state agencies, community organizations and other court users in order to enhance effective functioning of the court.
- ensure that court proceedings are conducted in an atmosphere that makes litigants and lawyers feel welcome, ensures fairness and the perception of fairness, and treats court users and court staff with courtesy and respect.

In addition, a Superior Judge may be assigned as the presiding judge of a unit pursuant to 4 V.S.A. §71(e). Pursuant to Administrative Directive No. 29, the responsibilities of a presiding judge for a geographical unit include: allocation of judicial resources within the unit; resolution of scheduling conflicts between divisions within the unit; increase of efficiencies and standardization of procedures; and maintenance of a collaborative working relationship with the Superior Court Clerk and Court Operations Managers on issues related to case scheduling, calendaring, court programs, use of court facilities and the relationship between the court and the local bar and the community.

Please note 4 V.S.A. §§ 602(b) and 602(c), which reads as follows:

Whenever a vacancy occurs in the office of a Supreme Court Justice, a Superior Court Judge, magistrate, or Chair of the Public Utility Commission, or when an incumbent does not declare that he or she will be a candidate to succeed himself or herself, the Board shall submit to the Governor the names of as many persons as it deems well qualified to be appointed to the office. [§602(b)]
