In the above-entitled cause, the Clerk will enter:

Petitioner Jacob O. Durell was transferred to Disability Inactive Status on December 12, 2017 pursuant to Administrative Order 9, Rule 21. At that time, the parties stipulated, and the Court found, that petitioner was incapacitated from continuing to practice law. Petitioner now seeks reinstatement of his law license under A.O. 9, Rule 21(E). He has filed a detailed motion and provided a statement from his physician to support his position that he is no longer incapacitated from practicing law. Disciplinary Counsel does not oppose respondent's request. She agrees that the evidence shows that petitioner is no longer incapacitated from practicing law and that the disability has been removed. Based on the parties' agreement and our review of the record, the Court concludes that petitioner is no longer incapacitated from practicing law. We hereby find and order as follows:

- (1) Petitioner has demonstrated by clear and convincing evidence, in accordance with A.O. 9, Rule 21(E)(2), that his disability has been removed and that he is no longer incapacitated from continuing to practice law; and
- (2) Petitioner is hereby transferred from disability inactive status to active status in accordance with A.O. 9, Rule 21(E).
