

VERMONT BOARD OF BAR EXAMINERS

GENERAL INSTRUCTIONS FOR REQUESTING TEST ACCOMMODATIONS FOR VERMONT BAR EXAMINATION

The Vermont Board of Bar Examiners encourages persons with disabilities to apply for test accommodations. Reasonable test accommodations will be made on the Vermont Bar Examination for qualified applicants with disabilities. The Vermont Bar Examination is a two-day timed examination designed to test the knowledge and skills necessary for one who seeks admission to the Vermont Bar.

It is the policy of the Vermont Board of Bar Examiners (Board) to administer the bar examination and all other services of this office in accordance with the Americans with Disabilities Act, as amended (ADAAA). A qualified applicant with a disability who is otherwise eligible to take the bar examination, but who cannot demonstrate under standard testing conditions that he/she possesses the knowledge and skills to be admitted to the Vermont Bar, may request reasonable test accommodations.

The Board will make reasonable modifications to any policies, practices, and procedures that might otherwise prevent individuals with disabilities from taking the bar examination in an accessible place or manner, provided such modifications do not result in a fundamental alteration to the examination or other admission requirements, impose an undue burden, or jeopardize examination security. In order to accommodate disabled persons, the Board will furnish additional testing time and other accommodations when necessary to ameliorate the impact of the applicant's disability on the applicant's ability to take the bar examination. No additional charges will be assessed to individuals with disabilities to cover the costs of reasonable accommodations.

Requests for test accommodations will be evaluated on a case-by-case basis. The applicant must submit documentation from one or more qualified professionals that provides information on the diagnosed impairment(s), the applicant's current level of impairment, and the rationale for the accommodations requested on the bar examination. In addition, the applicant must submit verifying documentation of his or her history of accommodations, if any. All documentation will be retained by the Board and may be submitted to one or more qualified professionals for an impartial review. Accommodations granted elsewhere do not necessarily entitle an applicant to accommodations on the bar examination, although the Board gives considerable weight to documentation relating to past accommodations received in similar testing situations or in response to an IEP or Section 504 plan.

DEFINITIONS

1. *Disability* is a physical or mental impairment that substantially limits one or more of the major life activities of the applicant. In the bar examination setting, the impairment must limit an applicant's ability to demonstrate, under standard testing conditions, that the applicant possesses the knowledge, skills, and abilities tested on the bar examination.
2. *Physical impairment* is a physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the body's systems.

3. *Mental impairment* is any mental or psychological disorder such as intellectual disability (formerly termed “mental retardation”), organic brain syndrome, emotional or mental illness, or any specific learning disability.
4. *Major life activities* include, but are not limited to, caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.
5. *Reasonable accommodation* is an adjustment or modification of the standard testing conditions, or an appropriate auxiliary aid or service, that ameliorates the impact of the applicant’s disability without doing any of the following:
 - a. fundamentally altering the nature of the bar examination, including but not limited to compromising the validity or reliability of the examination; or
 - b. imposing an undue burden on the Board; or
 - c. jeopardizing examination security.
6. *Qualified professional* is a licensed physician, psychiatrist, psychologist, school psychologist, or other health care provider who has appropriate training in the field related to the applicant’s disability.

FILING DEADLINE

Requests for accommodations will be considered after receipt of all required information. The Applicant Checklist, located in Section V of Form 1: Applicant Request for Test Accommodations, must be submitted with the application. The applicable items specified in the Applicant Checklist must be completed and postmarked on or before the filing deadline of the exam the applicant wishes to take.

Applicants with disabilities are subject to the same application deadline as individuals without disabilities. Because some of the accommodation request forms require input from third parties, the appropriate individuals should be asked to complete the forms well in advance of the deadline.

A timely request for test accommodations for the February administration of the Vermont Bar Examination must be postmarked no later than the preceding December 1st.

A timely request for test accommodations for the July administration of the Vermont Bar Examination must be postmarked no later than May 1st of the same year.

Applicants are encouraged to file their requests for test accommodations well before the filing deadline. A request for test accommodations postmarked after the applicable deadline shall also be accompanied by a written request to the Board showing extraordinary circumstances justifying failure to meet the deadline.

Requests for test accommodations and supporting documentation may be submitted to the Board at 32 Cherry St., Suite 213, Burlington, VT 05401. All materials received will be acknowledged by electronic correspondence. Any questions about an application for test accommodations can be addressed to the Bar Exam Administrator at (802) 859-3000.

RETAKES APPLICANTS

Applicants who retake the examination must submit Form 1: Applicant Request for Test Accommodations each time they apply for the bar examination, even if they previously requested and were granted accommodations by the Board. It is not necessary to resubmit supporting documentation that was submitted with a previous request, provided the applicant sat for the Vermont Bar Examination within the preceding three years and (1) is requesting the same accommodations that were received previously on the Vermont Bar Examination and (2) has had no material changes in his/her condition. New supporting documentation is required if there is any change in the accommodations requested. An update to prior medical documentation is required assessing the applicant's *current* functional limitations and ongoing need for accommodations if the nature of the applicant's disability or disabilities is subject to change. The Board may request an update to prior documentation in any case if it determines that the prior documentation is insufficient to establish the applicant's current level of impairment and need for accommodations.

APPEALS

The Board's decision is subject to review by the Vermont Supreme Court in accordance with the Vermont Rules of Appellate Procedure.

STEPS FOR SUBMITTING A COMPLETE REQUEST

This application packet contains seven separate forms, but you need only submit those forms and documents that pertain to your particular disability. Please carefully review the information below to ensure that you submit a complete request. A checklist is provided in Section V of Form 1: Applicant Request for Test Accommodations, which you should complete and submit with your request. All required forms and documentation must be submitted together and received by the deadline.

IMPORTANT NOTE: Some of the forms that must be submitted with your request must be completed by third parties and returned to you for submission to the Board. Make certain that you request completion of these forms by the third parties in a timely manner so that your request is received by the deadline.

STEP 1: Have a qualified professional complete the applicable disability verification form and return it to you for submission to the Board. There are separate forms for learning disabilities, AD/HD, psychological disabilities, visual disabilities, and physical disabilities. You will need to complete the top portion of the applicable disability verification form and request that your qualified professional complete the rest of the form and return it to you. Your qualified professional should attach to the completed disability verification form a comprehensive evaluation report and/or relevant records, as specified in the form.

STEP 2: Gather verifying documentation of your history of accommodations requests, if any. Submit a Form 7: Certification of Accommodations History completed by each educational institution or testing agency (hereinafter "entity") from which you requested accommodations, whether your request was granted or denied. Complete the top portion of the form and request that the entity complete the rest of the form and return it to you for submission to the Board. Alternatively, you may provide other proof of your accommodations history, such as a copy of the letter(s) you received from the entity notifying you of the specific accommodations granted or denied. The proof should identify the time frame (e.g., third year of law school) and the nature of

the disability (e.g., AD/HD) for which any accommodations were granted or denied. If you received accommodations as a result of an Individualized Education Plan (IEP) or a 504 Plan, please provide copies of all IEPs or 504 Plans.

STEP 3: If the nature of your disability is AD/HD or a learning disability, provide transcripts. Attach copies of your undergraduate and law school transcripts and your LSAC Academic Summary Report. Photocopies of transcripts are acceptable for this purpose. You can obtain your LSAC Academic Summary Report by logging in to your LSAC account at www.lsac.org. Click on “Transcripts,” then click on “Academic Summary Report,” and print the report. If you have trouble obtaining the report, contact an LSAC representative at (215) 968-1001.

Learning disabilities and AD/HD are developmental disorders with childhood onset, even if not diagnosed until adulthood. Transcripts or report cards of your elementary, middle school, and high school education, while not required, are useful in providing evidence of symptoms and impairment present during childhood. The Board may request such academic records in particular cases.

STEP 4: Complete and sign Form 1: Applicant Request for Test Accommodations. Attach all relevant forms and documents, as indicated above, so that all required documentation is provided in one submission.

FORM 1: APPLICANT REQUEST FOR TEST ACCOMMODATIONS

This form and all other applicable forms and required documentation must be filed at the same time as your application for admission. Print or type your responses to the items below. **Return this completed form, the comprehensive evaluation report, and relevant records and test results to the applicant for submission to the Board.**

I. EVALUATOR/TREATING PROFESSIONAL INFORMATION

Name of professional completing this form: _____

Address: _____

Telephone: _____ Fax: _____

E-mail: _____

Occupation and specialty: _____

License number/Certification/State: _____

Describe your qualifications and experience to diagnose and/or verify the applicant's condition or impairment and to recommend accommodations. _____

II. DIAGNOSIS AND CURRENT FUNCTIONAL LIMITATIONS

1. Provide the date the applicant was first diagnosed with a learning disability. _____

2. Did you make the initial diagnosis? Yes No

If no, provide the name of the professional who made the initial diagnosis and when it was made, if known. Attach copies of any prior evaluation reports, test results, or other records related to the initial diagnosis that you reviewed.

3. When did you first meet with the applicant? _____

4. Provide the date of your last complete evaluation of the applicant. _____

5. Provide a concise description of your diagnosis. Please include the specific DSM-IV-TR (or most current version) diagnosis:

6. Describe the applicant's current level of functioning and the impact of any functional limitations on the applicant's major life activities.

7. Was the applicant's motivation level, interview behavior, and/or test-taking behavior adequate to yield reliable diagnostic information/test results? Yes No
Describe how this determination was made, including whether any symptom validity tests were administered. If such tests were not administered, please state why they were not.

ATTACH A COMPREHENSIVE EVALUATION REPORT. An applicant's specific learning disabilities must have been identified by an appropriate psychoeducational assessment process that is well documented in the form of a comprehensive diagnostic report. The provision of reasonable accommodations is based on assessment of the *current* impact of the disability on the specific testing activity. Although a learning disability normally is life-long, the severity and manifestations can change. The Board generally requires documentation from an evaluation conducted within the last five years to establish the current impact of the disability. **Attach to this form a copy of the comprehensive evaluation report and all records and test results on which you relied in making the diagnosis and recommending accommodations for the Vermont Bar Examination.** The evaluation report should include the following:

- A. an account of a thorough diagnostic interview that summarizes relevant components of the individual's developmental, medical, family, social, vocational and educational history;
- B. clear, objective evidence of a substantial limitation to learning or performance provided through assessment in the areas of cognitive aptitude, achievement, and information processing abilities (results must be obtained on standardized test(s) appropriate to the general adult population and be reported in age-based standard scores and percentiles);

- C. interpretation of the diagnostic profile that integrates assessment data, background history, and observations made during the evaluation process, as well as the inclusion or ruling out of possible coexisting conditions (such as previously diagnosed psychological issues or English as a second language) affecting the applicant's performance;
- D. a specific diagnostic statement, which should not include nonspecific terms such as "learning differences," "learning styles," or "academic problems"; and
- E. a rationale for each recommended accommodation based on diagnostic information presented (background history, test scores, documented observations, etc.).

III. FORMAL TESTING

It is important that the tests used in the evaluation are reliable, valid, and age-appropriate, and that the most recent edition of each diagnostic measure is used. Scores should be reported as age-based standard scores and percentiles. The following lists of tests are provided as a guide to assessment instruments appropriate for the adult population. The lists are not intended to be all-inclusive and will vary with the needs of the individual being evaluated.

1. Aptitude/Cognitive Ability

- Wechsler Adult Intelligence Scale IV (WAIS IV) (or most current version) (including IQ, index, and scaled scores)
- Woodcock-Johnson III (WJ III): Tests of Cognitive Ability
- Stanford-Binet Intelligence Scale (4th ed.)
- Kaufman Adolescent and Adult Intelligence Test

Please note: The Slossen Intelligence Test and the Kaufman Brief Intelligence Test are primarily screening instruments and should not be considered comprehensive measures of aptitude/cognitive ability.

2. Achievement

- Woodcock-Johnson III (WJ III): Tests of Achievement
- Wechsler Individual Achievement Test (WIAT), WIAT II, III, IV or K-TEA (if applicable)
- Scholastic Abilities Test for Adults (SATA)

Please note: The Wide Range Achievement Test: Third Edition (WRAT-3), the Peabody Individual Achievement Test (PIAT, PIAT-R), and the Nelson Denny Reading Test are not comprehensive measures of academic achievement and should not be used as sole measures in this area.

3. Information Processing

- Wechsler Memory Scale III
- Wide Range Assessment of Memory and Learning (WRAML), 2d edition
- Swanson Cognitive Process Test (S-CPT)
- Test of Adolescent/Adult Wordfinding (TAWF)
- Information from subtest, index, and/or cluster scores on the WAIS IV (Working Memory, Perceptual Organization, Processing Speed) and/or the Woodcock-Johnson III (WJ III): Tests of Cognitive Ability (Visual Processing, Cognitive Fluency, Short Term Memory, Long Term Memory, Processing Speed) and/or The Detroit Tests of Learning Aptitude-Adult (DTLA-A), as well as other neuropsychological instruments that measure memory, processing speed, rapid automatized naming and/or phonological processing.

IV. ACCOMMODATIONS RECOMMENDED FOR THE VERMONT BAR EXAMINATION (CHECK ALL THAT APPLY)

The Vermont Bar Examination is a timed written examination administered for six hours on Tuesday and six hours on Wednesday, as scheduled twice each year. There is a one hour (approximate) lunch break each day.

The first day consists of two performance tests in the morning session (three hours) and six essay questions in the afternoon session (three hours). These written tests are designed to assess, among other things, the applicant's ability to communicate his/her analysis effectively in writing. Applicants may use their personal laptop computers to type their answers or they may handwrite their answers.

The second day consists of 200 multiple-choice questions [MBE], with 100 questions administered in the morning session (three hours) and 100 questions in the afternoon session (three hours). Applicants record their answers by darkening circles on an answer sheet that is scanned by a computer to grade the examination.

Applicants are assigned seats, two per six-foot table, in a room set for 40 to 100 applicants. They are not allowed to bring food, beverages, or other items into the testing room unless approved as accommodations. The examination is administered in a quiet environment and applicants are allowed to use small foam earplugs. They may leave the room only to eat, drink, or use the restroom, within the time allotted for the test session.

Taking into consideration this description of the examination and the functional limitations currently experienced by the applicant, what test accommodation (or accommodations, if more than one would be appropriate) do you recommend?

Test question formats:

Explain why extra testing time is necessary and describe how you arrived at the specific amount of extra time recommended. If either the amount of time or your rationale is different for different portions of the examination, please explain. If relevant, address why extra breaks or longer breaks are insufficient to accommodate the applicant's functional limitations.

Extra breaks. Describe the duration and frequency of the recommended breaks. Explain why extra breaks are necessary and describe how you arrived at the length or frequency of breaks recommended. If you are also recommending extra testing time, explain why both extra testing time and extra breaks are necessary.

Other arrangements (e.g., elevated table, limited testing time per day, lamp, medication, etc.). Describe the recommended arrangements and explain why each is necessary and whether you will be able to provide the auxiliary aids.

1. Provide the date the applicant was first diagnosed with AD/HD. _____

2. Did you make the initial diagnosis? Yes No

If no, provide the name of the professional who made the initial diagnosis and when it was made, if known. Attach copies of any prior evaluation reports, test results, or other records related to the initial diagnosis that you reviewed.

3. When did you first meet with the applicant? _____

4. Provide the date of your last complete evaluation of the applicant. _____

5. Describe the applicant’s symptoms of AD/HD at the time of the evaluation that cause significant impairment across multiple settings and that have been present for at least six months. Provide copies of any objective evidence of those symptoms, such as job evaluations, rating scales filled out by third parties, academic records, etc.

6. Describe the applicant’s symptoms of AD/HD that were **present in childhood or early adolescence** (even if not formally diagnosed) that caused significant impairment across multiple settings. Provide copies of any objective evidence of those symptoms, such as report cards, teacher comments, tutoring evaluations, etc.

ATTACH A COMPREHENSIVE EVALUATION REPORT. The provision of reasonable accommodations is based on assessment of the *current* impact of the disability on the specific testing activity. The Board generally requires documentation from an evaluation conducted within the last three years to establish the current impact of the disability. The diagnostic criteria as specified in the *Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition* (DSM-IV-TR) (or most current version) are used as the basic guidelines for determination of an Attention Deficit/Hyperactivity Disorder (AD/HD) diagnosis. The diagnosis depends on objective evidence of AD/HD symptoms that occur early in the applicant’s development and cause the applicant clinically significant impairment within multiple environments. Applicant self-report alone is generally insufficient to establish evidence for the diagnosis. Please provide a comprehensive evaluation report that addresses all five points below.

- A. Sufficient numbers of symptoms (delineated in DSM-IV-TR) of inattention and/or hyperactivity-impulsivity that have persisted for at least six months to a degree that is “maladaptive” and inconsistent with developmental level. The exact symptoms should be described in detail.
- B. Objective evidence that symptoms of inattention and/or hyperactivity-impulsivity that caused impairment were present during childhood.

- C. Objective evidence indicating that current impairment from the symptoms is observable in two or more settings. There must be clear evidence of clinically significant impairment within the academic setting. However, there must also be evidence that these problems are not confined to the academic setting.
- D. A determination that the symptoms of AD/HD are not a function of some other mental disorder (such as a mood, anxiety, or personality disorder; psychosis; substance abuse; low cognitive ability; etc.).
- E. Indication of the specific AD/HD diagnostic presentations: predominantly inattentive type, hyperactive-impulsive type, combined type, or not otherwise specified.

III. FORMAL TESTING

Psychological testing and self-report checklists cannot be used as the sole indicator of AD/HD diagnosis independent of history and interview. However, such findings can augment clinical data. They are particularly necessary to rule out intellectual limitation as an alternative explanation for academic difficulty, to describe type and severity of learning problems, and to assess the severity of cognitive deficits associated with AD/HD (inattention, working memory, etc.).

- 1. Is there evidence from empirically validated rating scales completed by more than one source that levels of AD/HD symptoms fall in the abnormal range? Yes No

If yes, please provide copies.

- 2. Is there evidence that the applicant has been significantly impacted by AD/HD symptoms and that the symptoms impact the person’s major life activities? Yes No

If yes, briefly describe the findings.

- 3. Was testing performed that rules out cognitive factors as reasonable explanations for complaints of inattention, distractibility, poor test performance, or academic problems? Yes No

If yes, briefly describe.

4. Was testing performed that rules out psychiatric factors (anxiety, depression, etc.) or test anxiety as reasonable explanations for complaints of inattention, distractibility, poor test performance, or academic problems? Yes No

If yes, briefly describe the findings.

5. Was testing performed to assess the possibility that a lack of motivation or effort affected test results? Yes No

Describe the findings, including the results of symptom validity tests.

IV. AD/HD TREATMENT

Is the applicant currently being treated for AD/HD? Yes No

If yes, describe the type of treatment, including any medication, and state the extent to which this treatment is effective in controlling the AD/HD symptoms. If it is effective, explain why accommodations are necessary.

If no, explain why treatment is not being pursued.

V. ACCOMMODATIONS RECOMMENDED FOR THE VERMONT BAR EXAMINATION (CHECK ALL THAT APPLY)

The Vermont Bar Examination is a timed written examination administered for six hours on Tuesday and six hours on Wednesday, as scheduled twice each year. There is a one hour (approximate) lunch break each day.

The first day consists of two performance tests in the morning session (three hours) and six essay questions in the afternoon session (three hours). These written tests are designed to assess, among other things, the applicant's ability to communicate his/her analysis effectively in writing. Applicants may use their personal laptop computers to type their answers or they may handwrite their answers.

The second day consists of 200 multiple-choice questions [MBE], with 100 questions administered in the morning session (three hours) and 100 questions in the afternoon session (three hours). Applicants record their answers by darkening circles on an answer sheet that is scanned by a computer to grade the examination.

Applicants are assigned seats, two per six-foot table, in a room set for 40 to 100 applicants. They are not allowed to bring food, beverages, or other items into the testing room unless approved as accommodations. The examination is administered in a quiet environment, and applicants are allowed to use small foam earplugs. They may leave the room only to eat, drink or use the restroom, within the time allotted for the test session.

Taking into consideration this description of the examination and the functional limitations currently experienced by the applicant, what test accommodation (or accommodations, if more than one would be appropriate) do you recommend?

Test question formats:

- Braille
- Audio CD
- Microsoft Word document on data CD for use with screen-reading software (for MEE and MPT sessions)
- Large print/18-point font
- Large print/24-point font
- Other (specify)_____

Explain why extra testing time is necessary and describe how you arrived at the specific amount of extra time recommended. If either the amount of time or your rationale is different for different portions of the examination, please explain. If relevant, address why extra breaks or longer breaks are insufficient to accommodate the applicant's functional limitations.

Extra breaks. Describe the duration and frequency of the recommended breaks. Explain why extra breaks are necessary and describe how you arrived at the length or frequency of breaks recommended. If you are also recommending extra testing time, explain why both extra testing time and extra breaks are necessary.

Other arrangements (e.g., elevated table, limited testing time per day, lamp, medication, etc.). Describe the recommended arrangements and explain why each is necessary and whether you will be able to provide the auxiliary aids.
