WITNESS LIST

At the present time and based upon the information that is been provided by far counsel respondent anticipates that he will be the only witness for the defense.

We anticipate that testimony will be in accord with our responses to the charging documents and provide the appropriate foundation for the admission of documents which would tend to call into question the complaining witness's testimony. I anticipate that direct testimony will take from 45 minutes to one hour.

Respondent also intends to question far counsel's witnesses.

Dated at Rutland Vermont this 1st day of April 2019
