

# Vermont Judiciary

## Next Generation Case Management System

---

---

### ADDENDUM 2.0

---

The purpose of this addendum is to illustrate important information regarding the Request for Proposals (RFP) for the Vermont Judiciary Next Generation Case Management System (NG-CMS), originally published on July 1, 2016 and updated on August 2, 2016. This addendum will serve to outline any additions, deletions, or changes made to the current RFP for the NG-CMS, and provides a list of all addenda for reference purposes.

#### **List of Changes to the Request for Proposals (RFP) for the Next Generation Case Management System (NG-CMS):**

##### **1. 9.1.5 Scoring the Cost Proposal**

Table 9.1 in Section 9.1.3 (Evaluation Criteria and Factors) and the narrative in Section 9.1.4 (Scoring the Cost Proposal) accurately indicate that the maximum number of points awarded for the Cost Proposal is 200. However the scoring formula in Section 9.1.4 inaccurately reflects a factor of 250 points.

##### *Original Language:*

The scoring formula is:

$(\text{lowest submitted cost proposal} / \text{cost of proposal being scored}) \times (250) = \text{pro-rated score}$

##### *Amended Language:*

The scoring formula is:

$(\text{lowest submitted cost proposal} / \text{cost of proposal being scored}) \times (200) = \text{pro-rated score}$
